Proper Noun Problem

Do you know what a proper noun is? It's a name for a person, place, or thing. For example, "John" is a proper noun because it's the name of a specific person. "New York" is a proper noun because it's the name of a specific place. "Dog" is not a proper noun because it's a general name for a type of animal.

Can you name five proper nouns? Write them down.
